

New Parts Kits for Evergreen Boilers

Weil-McLain now offers a new Part Kits for the popular Evergreen Series gas boilers.

The Parts Kits contain frequently used components to get a boiler back in service quickly, all housed in a durable resin utility case (pictured above), click on the sales flyer link below to view kit contents. The kits were designed with the contractor in mind, as well as an option for distributors to have service parts readily available for most situations.

Act now! Big savings realized when purchased as a parts kit, compared to components bought separately – **a \$600 savings!**
